

## Amendments to the Specification

Please replace the sentence starting on Page 10, line 13 with the following:

*a1* If this is taken into consideration, a sufficiently effective result can be obtained if the inclination angle  $\theta$  of the ~~inclination surface 11~~ inclined surface 111 of the sub-mount is set substantially to 30 degrees.

Please replace the sentence starting on Page 10, line 19, with the following:

*a2* In this case, a sufficient effect can be obtained if the inclination angle of the ~~inclination surface 11~~ inclined surface 111 of the sub-mount is within a range of 3-15 degrees, for example.

Please replace the sentence starting on Page 14, line 3, with the following:

*a3* If the angle of the inclined surface 11 111 of the sub-mount 102 is set to 10 degrees, a normally used blade is used to cut a predetermined width of the substrate 1001 along a first dicing line 1002.
